The Month of May. The merry month of May will soon be here and then you will certainly feel the need of a spring suit unless you had the foresight to anticipate that want. To seekers after the correct style in men's tailored garments our establishment offers unexcelled advantages.

CROP CONDITIONS

Wheat Not so Promising as Reported Recently—Wet Weather or Retards Work.

Springfield, April 28.—The weather and crop report issued by the Illinois bureau here for the past week is as follows: Weather—Plowing was actively prosecuted in the northern and the central districts during the week, but the weather conditions were decidedly unfavorable for the most part for plant growth. The temperature was below normal, and while the rainfall was deficient, the small amount occurring the latter part of the week, aggravated the existing soggy condition of the soil in the central and southern districts. Light to heavy frosts occurred on the morning of the 23d.

Wheat—The condition of wheat has somewhat deteriorated and reports do not indicate the high degree of excellence previously expressed. Lack of sunshine, excessive moisture and cold weather, combined, have lowered the standard of the crop.

Oats—The seeding of oats in the northern district is practically finished, it is well under way in the central district, and the entire crop will probably be planted by the middle of the week. The attending weather conditions during the seeding operations have been so unfavorable as to necessitate a great amount of reworking.

Corn—While work was interrupted the latter part, on account of rain, considerable progress was made in plowing for corn the first part of the week. Some complaint of the heavy condition of the soil. The work has been retarded, and it is probably backward for the season.

Jersey. Fidelity—Weather cool, with frequent showers; white frost 23d; wheat showing bud effects from wet weather on low ground; very little oats sowing done; ground wet and sticky and plows poorly; very little gardening done; cold, wet weather has blighted the plants; corn, looking fine.—Thomas A. Logan, Benson—Oats coming up poorly and look bad; on account of wet condition of ground, very little plowing for corn has been done; weather cloudy and cold all week.—J. H. Hammetton.

McDonough, Fandon—Week cold, with light frost Thursday; wheat doing well; seeding of oats abandoned on account of wetness of season; gardens late; some potatoes planted; peas, pears and plums in heavy bloom; meadows and pastures doing fairly well.—T. J. Friend.

McLean, Leroy—Weather cloudy and cool, with heavy frost morning of 25th; oats sowing finished, some on low land drowned out, some re-sown; farmers busily breaking old ground or clearing for fruit; most gardens made; early potatoes cherries in full bloom; pastures and meadows show good growth.—J. V. H. Howard.

MAKING GOOD RECORD. Cambridge, Mass., April 28.—Fred Foster, Harvard's strong man, has just made a remarkable record in Dr. Sargent's new strength test, his figures being 100,000 foot pounds more than the old record. His grand total was \$20,235 foot pounds. He is undoubtedly the strongest man in the college world.

GILBERT MAKES GOOD RECORD. Pasadena, Cal., April 28.—In a shooting tournament to day Fred Gilbert, of Spirit Lake, Iowa, broke sixty-eight targets out of seventy.

ROOSEVELT IN IOWA

Greeted by Large Crowds Everywhere.

Kissed a Number of Babies at Des Moines—Will Arrive in St. Louis This Afternoon at 4 O'clock.

Ottumwa, Iowa, April 28.—President Roosevelt dashed across Iowa to day and was everywhere met by enthusiastic crowds. His speechmaking began at 7 o'clock this morning and the last speech was delivered here at 8 o'clock to night. The president spoke to night on the good work Secretary Wilson has done in the field of agriculture. The president has had his guests to day Governor Cummins, Secretary Shaw and for part of the day Congressman Hull and Hepburn. He will spend the night here, leaving at 4:30 o'clock to morning morning for Keokuk, and will leave for St. Louis to morning afternoon at 4 o'clock.

One of the largest crowds that has greeted the president since his trip began was waiting for him at Des Moines this afternoon. He was taken for a long drive through the city and stopped for a moment to address the Mystic Shrine, who are holding a convention there. At the capitol he made an extended address on good citizenship, incidentally paying a tribute to Congressman Hull and Hepburn. He then held the babies up to be kissed and the president did not disappoint them. At every place the president stopped to day and at many places where the train did not stop school children were congregated waving small American flags. This feature pleased the president very much and he referred to the children several times during the day.

Stags were made at Shenandoah, Clarinda, Sharpsburg, Van Wert, Osceola, Des Moines and Ottumwa. The president's train bearing the president and party arrived here at 7 o'clock. Nearly 10,000 people greeted the president. Congressman Hepburn met the president at his first stop in Iowa. Governor Cummins and party met the president in Clarinda, the second stopping place. The president mounted a large platform erected for the purpose and briefly addressed the assembly. The train left at 7:30. Des Moines, April 28.—Iowa began falling at an early hour this morning and the reception given President Roosevelt was marred to a considerable extent. The presidential train arrived promptly at 7:30. It was preceded by the Central train of Governor Cummins, bearing state house officials and members of the governor's staff. Arrival of the distinguished visitor was announced by firing of cannon and the cheering of the people. The streets were packed with humanity. Cheers greeted the president as he approached his carriage leaning upon the arm of Governor Cummins. The party were driven to the Auditorium, which was filled with the cheering of the people. The president was introduced by Hon. L. A. Young, who made the speech at Philadelphia nominating the president for the vice presidency. After a stop of a few minutes the party went to the state house grounds, where the president delivered in his open air speech to 10,000 people. At conclusion of his address he was driven to the train and departed for Osceola.

RELIGIOUS OUTBREAK. Marseilles, April 28.—A riotous outbreak again occurred to day in the streets surrounding the cathedral, where the next day the religious festival of the Corpus Christi will be celebrated. The riotous outbreak was caused by a number of policemen were injured and many arrests made. Later in the day a riot was again in all surrounding streets. A larger force of soldiers arrived and rigid surveillance of the neighborhood was established.

FIRE LOSSES. Marshalltown, April 28.—Practical ly the entire business portion of the town of Marshalltown, was burned this morning. Communication has been cut off and details are unobtainable. Only three buildings are left standing in the main street.

BARON ROTHSCHILD IN PRISON. Paris, April 28.—The appellate court to day sentenced to six months in prison Baron Henri de Rothschild of ten francs fine and one day in prison for driving an automobile at excessive speed on the boulevards.

WOMAN'S DUTIES. A woman who keeps her house in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the householdkeeping. She is deserving of the more credit since the man's strength is in greater measure the everlasting sameness about her duties and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross and dissatisfied, which is just as much a disease as rheumatism or catarrh. If the nerves can be built up and made strong by medicine of some kind, this feeling is changed to cheerfulness and the pleasure in her duties. The medicine that makes strong, steady nerves and prevents disease by building up the entire system, is Dr. Gunn's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich red blood, feeds the nerves, and making solid flesh at the rate of 1 to 3 lbs. per week. This medicine is sold by druggists 75 cents per box, or 3 boxes for \$2.00, or sent by mail post paid on receipt of price. Write us about your case. Address, Dr. Gunn, Philadelphia, Pa. For sale by Lee P. Alcott.

A TEXAS WONDER. HALL'S GREAT DISCOVERY. One bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, restores vitality and health, builds up the system, and makes the blood pure, and makes the blood pure, and makes the blood pure.

BIG FIRE AT CHICAGO

Salt Company's Plant and Three Boats Burned—Loss \$1,250,000.

Chicago, April 28.—The plant of the International Salt company at South Chicago, with three boats in the Calumet river, burned to night. Loss is estimated at \$1,250,000, that of the salt company being \$800,000. The buildings covered nearly sixteen acres, the buildings were stored 400,000 tons of salt. Included in the losses are the docks extending 1,500 feet along the Calumet river. Fire threatened to spread to grain elevators along the river and large manufacturing plants, but after a hard fight the flames were got under control. About 125 freight cars were consumed. The wind blew the flames against three grain boats and soon the vessels were on fire from the decks to top masts. As the boats were not under way, the salt sheds was unmoored to save the boats, but before it could reach them they sank.

Directly north of the salt company's plant are buildings of the United States Grain company, covering ten acres and valued at \$1,000,000. These buildings were in danger, but were saved after a hard struggle.

REPLY TO GENERAL MILES. Relative of Major Glenn Takes Exceptions to Statements in the Report.

St. Paul, April 28.—George C. Squiers, a prominent attorney of this city, and brother of Major Glenn, has written an open letter to General Miles, replying to strictures upon Glenn in the general's report upon alleged atrocities in the Philippines. Squiers recalls the trial of Glenn over a year ago and says that while he was convicted and given a light sentence this was after the court had unanimously acquitted him, but later voted a conviction on the theory acquittal would be construed in the United States as a confession of guilt. The court, attached to its findings a paper highly commending Glenn's conduct and recommending clemency by the reviewing authority. Squiers, in view of these facts, criticizes Miles for the language used in the report and says the general listened to "unsubstantiated statements of irresponsible natives."

KING WILL VISIT POPE. Rome, April 28.—King Edward will visit the Vatican to morrow afternoon and be ceremoniously received. Pontifical guards will receive the king in his private apartments and no one will be present except the pontiff and king.

REMOVED PROHIBITION ON PORK. Washington, April 28.—Minister Lelievre cables the state department the prohibition on American pork in Turkey, which has been in effect five years, has been removed and orders have been issued permitting entry after the customary inspection.

IOWA REPUBLICANS. Des Moines, April 28.—The Republican state central committee at its meeting to day decided to hold the next state convention July 1 in Des Moines. Hon. George Perkins was chosen temporary chairman.

AUGUST SCHAPLEY, President
ST. LOUIS, MO.

WEST JACKSONVILLE

Regular services for Sunday, May 13.

Epworth League literary meeting Friday evening, May 11, at the home of George Blackburn.

W. E. M. S. meeting Thursday afternoon with Mrs. Joseph Blackburn.

Miss Cole, of the Woman's college, will give an entertainment Friday evening, May 8, at Ebenezer church.

Proceeds to help purchase a new organ for the church.

Remember May 17, special services at each church; an offering to be taken for the various benevolent causes of the church.

PLEASANT TO TAKE.

One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take.

Bad tasting medicines disturb the stomach, destroy the appetite and it is extremely difficult to get children to take them.

The pleasant flavor of Le-Gro Tonic Laxative Syrup the certain cure for dyspepsia, constipation and biliousness pleases the most sensitive persons and is the ideal laxative for young children.

Sold by Lee P. Alcott, druggist, Jacksonville, Ill.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph C. M. of Jacksonville, Ill. "I tried all remedies available, but with no success. Fortunately, my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now the owner of the disease. On my recommendation people have used Foley's Honey and Tar, and always with satisfaction."

Sold by J. A. Obermeyer, City drug store.

Druggists and doctors will tell you that a remedy recommended to cure only rheumatism and sciatica is a great deal from headaches and dizziness. I tried every remedy and nothing helped. I then began to use the medicine and the rheumatism and sciatica were cured. The medicine is sold by Lee P. Alcott, druggist, Jacksonville, Ill.

Write me about your case. Dr. B. B. Alcott, Philadelphia, Pa. For sale by Lee P. Alcott, druggist, Jacksonville, Ill.

SURE CURE FOR PILES.

THE CITY COUNCIL

Last Meeting was a Harmonious One.

Many Bills Allowed. Measures Disposed of and Considered.

The last meeting of the outgoing council closed yesterday afternoon with a harmonious and productive session. The sample of water offered by Mr. Mayhew was accepted, with the assurance from him that the work would be pushed forward as rapidly as possible. The ordinance was passed, the anti-spitting law passed, the Wabash ordered to be moved to a new site, the East State street crossing subway was allowed, the fire department clerk presented an admirable balance sheet and nearly all the aldermen with the mayor and clerk made farewell addresses.

THE PROCEEDINGS.
The council met in called session for the purpose of finishing up all the business of the outgoing council. All present except Ald. Stimpson; Mayor Davis in the chair.

Petition for brick walk in front of the Postoffice on West North street. Granted with usual allowance.

The city clerk read his trial balance and in reference to the same Ald. Scott made some highly complimentary remarks and moved it be placed on record. Carried.

For the water committee Ald. Huntton reported regarding the trip to Bluffs to secure a sample of the water to be supplied the city, that they went to Bluffs with a deal of doubt regarding the outcome of the whole business. The well, which was to supply the water, was some distance from the station and they were told that the bank was very rarely overflowed. Returning to the station they saw a car load of machinery had arrived after delays, not the fault of Mr. Mayhew. They asked Mr. Oakes if Mr. Mayhew had arranged for land and sinking wells and he told him he had and had agreed to pay all damages to growing crops. A man there well posted said he had pumped from a drive well which he had not exhausted and a Wabash well was inexhaustible.

The committee found on their return that different wells for the water had to be secured, so another trip was necessary, which was made and all precautions taken to have a correct sample and it was sent directly to Champaign for analysis at the city university and the result of the chemist's test was submitted and is printed elsewhere in these columns.

In connection with the report of the committee W. F. Mayhew sent in a formal notice that the sample referred to was officially submitted by him.

Huntton said Mr. Oakes told him the land had not overflowed owing to the presence of the Wabash road. He moved, seconded by Ald. Goveia, that the water be accepted.

Ald. Moore wanted to know whether Mr. Mayhew had leased or bought the land.

Ald. Goveia said Mr. Oakes said Mr. Mayhew had an option on the land, which he would accept when the council accepted the sample of water.

The mayor said that was a matter for Mr. Mayhew to see to and protect.

Mr. Mayhew said the land would be bought and five acres had been spoken for and would be sold to the city at cost when desired in accordance with the terms of the franchise.

Ald. Scott said the matter was duly protected and all appeared favorable. The greatest pleasure of his life was to vote to accept the sample of water. The contest had lasted sixteen months and the result would certainly please the people.

Ald. Neuman—This ordinance was introduced by me over a year ago and I felt it was a very good thing. The ordinance was changed and on it I voted no, for I do not feel the interests of the city have been properly guarded. The sample is from a well thirty feet deep, but I understand we were to get the supply from a depth of seventy feet. As it is we only get sample water from the well. Ald. Scott said this was not a sample of the water, it was to get a sample of the water to be used. I shall oppose accepting the water from these shallow wells.

GERMAN METHODISTS

Ministers Association in Session

Helpful Address Yesterday.

The German M. M. ministerial convention began its sessions yesterday afternoon at 2 o'clock with the opening services conducted by the presiding elder, Rev. E. H. Hertzler, who is the chairman of the convention. After the opening exercises Rev. Aug. Dittman of Bremen, was elected secretary. The committee on appointments of the chairman on minutes, district meeting, traveling expenses.

The time of the sessions was fixed from 8:30 to 11:30 a. m. and from 2 to 4:30 p. m. The morning papers were presented and discussed. "What Does the Church Do for the Holy Ministry?" by Rev. E. H. Hertzler.

The contrasting characteristics of Luther and Wesley in their Biblical views and apostolic work—Rev. F. Voelker, Petersburg.

The apostolic sermon, containing "The Counsel of God," according to Acts xx:27—Rev. R. J. Tillman, Greenville.

The public is cordially invited to attend all the services.

NEW PUBLIC LIBRARIAN.

Miss Marvin, the present public librarian, having tendered her resignation to take effect May 31, 1903, the board of directors have engaged as her successor Miss Stella Seybold, of Cincinnati, Ohio.

There were a number of applicants for the position and the board interviewed several of them to come to Jacksonville and among them Miss Seybold. She was one that was strongly recommended by the library bureau of Chicago, which has a department for this purpose under the direction of Miss Ahern. Miss Seybold has had, besides what is termed regular training, a number of years experience as assistant librarian in the Cincinnati public library, which is considered one of the good up-to-date libraries of the country.

The directors for some time before moving into the new building were convinced that the library could only give its greatest efficacy by being reorganized in accordance with the advanced library methods of the day and decided to institute such methods upon entering the new building. To this end Miss Marvin was engaged last year and has carried the work well forward and it should go without saying that these methods will be continued, as the directors are more than ever convinced of the desirability of such change, the only regret being that there was no resident of Jacksonville who had the requisite professional training and experience.

COLLEGE SOCIETIES.

The following programs were carried out Tuesday at the meeting of the literary societies of the Woman's college:

Essay—Linnie Dowell.
Current events—Edith Davis.
Recitation—Martha Morgan.
Duet—Lucille Brown, Grace Engle.
Edith Wilder, Pres.
Dell Stevens, Sec.

SAY EMPLOYEES ARE ANNOYED

In explanation of their note elsewhere Messrs. Capps said yesterday: "Certain of our employees are continually annoyed and insulted by various persons. A few nights ago a rock was thrown through the window of the home of one of our men while the family was in the house. Several dishes were broken, but fortunately no one was injured. Monday night two of the men were leaving the house of a friend whom they had been visiting some one shot at them several times. The police were notified, but no arrests have been made."

Messrs. Capps say that they are determined to do all in their power to protect their people from lawless and cowardly sneaks.

NOTICE TO CONTRACTORS.

Bids will be received at the board of local improvements of the city of Jacksonville until 12 o'clock noon of Friday, May 8, at the city hall and not thereafter, for the construction of a brick street pavement on Pine street in accordance with the plans, profiles and specifications on file in the office of the public engineer.

J. R. Davis,
C. W. Brown,
W. F. Mayhew,
Board of Local Improvements.

ORGANIZED LEGION.

Miss Blunt recently organized a Loyalty Temperance Legion in the Junior society of the Christian church. One Sunday in two months will be given over to their program.

The following officers were chosen: "Supervisors—Miss Marie Finney. Assistant—superintendent—Miss Lottie Shewbury.

President—David Martin. Vice president—Mac McGowan. Corresponding secretary—Bessie Kitter.

Recording secretary—Nash Silker. Treasurer—Barford Hayden. Chairman flower committee—Pearl Seegar.

Chairman program committee—Kathleen Sage.

ATTACHED FREIGHT.

Two boxes of goods, presumably corsets, arrived at one of the freight depots yesterday for the Biltmore store and Mr. Maier decided he would try conclusions with them and get out an attachment in order to save some of the rent due him. No traces have been seen of the boxes since.

Mr. Maier says he has since learned that for some time goods have been surreptitiously shipped from the store so that the final attachment would be the most easily accomplished.

THE SUREST CURE FOR NEURALGIA.

NEURALGIA, NEURITIS, FOUR THROATLAND, NEUR. Prescribed in its acute stage. Money will be refunded if not cured. Money will be refunded if not cured.

Dr. A. L. Adams, who found it necessary to open a mastoid abscess back of the left ear. At last reports the patient was resting easily.

An invoice of horned toads and another lot of rattlers have arrived to interest the small boy and some of his elders also who gaze at the window of Kuehler's drug store in amazement and wonder while the creepers act as if it would afford them the greatest pleasure to sink a fang into some of the spectators.

S. C. Crookman, a nursing sprained wrist caused by a fall over a defective plank walk and is obliged to do a great deal of his work with one hand. The hurt would look suspiciously like some people, but the physician's eminent reputation for strictest veracity renders any other explanation of the injury wholly out of order and he accordingly has the sympathy of a large number of friends who hope for his speedy recovery.

The great door for the vault in the new banking office of F. G. Farrell & Co. arrived yesterday morning after a delay of some three weeks, during which it was lost on the railroad enroute. It weighs several thousand pounds and is a ponderous affair. It required considerable manipulation to get it unloaded and into the building, but it was successfully accomplished and an expert is here to put it in place.

On account of the high school athletic meet at Chicago, Friday, May 1, 1903, the Wabash will run special train leaving Jacksonville 8:15 a. m.; returning leave Griggsville 11 p. m., arrive Jacksonville 12, midnight; 80c round trip.
